Bradley Backs Arms Program For Europe

Tells Broad Strategy Behind Plan

Washington, July 29.—(AP)—General Omar N. Bradley warned Congress today that Russia is "born upon absorbing the exhausting victims" of the last war and he outlined the broad defense strategy behind the European arms program.

The army chief of staff said that the program is based on the assumption that the United States, which is able "to deliver the atom bomb," would handle strategic bombing, while the European partners would be ready with ground forces.

Testifying before the House foreign affairs committee, Bradley endorsed the administration's plan to spend \$1,450,000,000 on arms aid for non-communist nations. And he pictured the need with these words:

"In the place of the vanquished has arisen this new aggressor, bent upon absorbing the exhausted victims."

The speaker of another would-be master attempting to enslave our presently allied peoples has given a sense of urgency to our plans."

Bradley did not name Russia. Lists Recommendations

The witness listed five broad recommendations of the joint chiefs of staff of the armed services for the arms program.

He said the following "factors" were assumed in event of attack:

"First, the United States will be charged with the strategic bombing. We have repeatedly recognized in this country that the first priority of the joint defense is our ability to deliver the atomic bomb."

"Second, the U. S. Navy and the Western Union (England, France, Belgium, Netherlands and Luxembourg) naval powers will conduct essential naval operations, including keeping the sea lanes clear. Western Union and other nations will maintain their own harbor and coastal defense."

"Third, we recognize that the hard core of the ground power in being will come from Europe, aided by other nations as they can mobilize."

"Fourth, England, France and the other countries will have the bulk of the short-range attack bombardment and air defense. We, of course, will maintain the tactical air force for our own ground and naval forces and U. S. defense."

"Fifth, other nations, depending upon their proximity or remoteness from the possible scene of conflict, will emphasize appropriate specific missions."

Paris Show Set As Seamstresses Relent In Strike

Paris, July 29.—(AP)—Striking seamstresses began drifting back to work today and it looked as though the show would go on after all—the Paris fashion show, that is.

Some 14,000 needleworkers walked out Wednesday in a demand for higher pay. Worried Paris designers postponed the fall showings scheduled to open Monday.

But today there were scattered breaks in the strike ranks and the style houses announced they would be able to display their latest creations next Wednesday, two days later than they had planned.

The back-to-work drive was not uniform and some of the strike leaders urged the seamstresses to drop their stitches to the bitter end to get a pay boost of about 25 percent. Top quality seamstresses working on expensive creations, now getting about \$48 a month, asked for \$60. Other wages scale down as low as \$1.50 weekly for apprentices.

Injunction Denied Against Pastor

Bellefonte, Ill., July 29.—(AP)—Circuit Judge R. W. Griffith denied today an injunction asked by three members of an East St. Louis church on the grounds that such an injunction would violate the constitutional guarantee of freedom of religion.

The church members were asking the ouster of the Rev. A. A. Anderson and the board of Deacons of the full gospel Tabernacle of the Assembly of God, Incorporated.

Judge Griffith ruled "it is not within the province of the courts of Illinois to interfere with teachings of any church, insofar as they do not violate any laws."

REPORT ALIEN HUNT

Washington, July 29.—(AP)—Immigration authorities today were reported rounding up 75 Hungarian aliens said to be in this country illegally.

Hungary is a Soviet "Iron Curtain" country, but there was no indication that any of the Hungarians were subversive.

Allied Airlift Will Be Gradually Reduced

Berlin, July 29.—(AP)—The Berlin airlift, biggest western weapon of the cold war, will go into cold storage starting Monday.

American and British officials announced today the greatest air freight operation in history will be reduced gradually until it is cut out entirely Oct. 31.

For nearly a year—from June 26, 1948, until the Russians lifted the Berlin blockade May 14—the thundering stream of planes was the only means of keeping 2,000,000 West Berliners supplied with food, fuel and raw materials. The airlift surprised the Russians and heartened the Germans.

The decision to retire air cargo operation was taken because adequate supplies have been stockpiled since the Russians have permitted rail, highway and water traffic to be resumed from the western zones.

But the western allies made it clear they will be prepared to restart the airlift on short notice if the Russians adopt new blockade tactics against the four-power city, 100 miles inside the Soviet zone.

The gradual reduction in operations, which starts Monday, will permit some of the airlift fliers to head back to the United States in September.

The curbside program calls for a daily schedule of 3,700 tons for August, 2,100 for September and 1,000 for October.

This will be a breeze for American and British pilots who have averaged 8,000 tons of supplies daily since September.

The Italian senate approved ratification of the North Atlantic treaty tonight by a vote of 178 to 81. There was one abstention.

The senate then completed Italian parliamentary action on the pact by approving with a show of hands a law specifically authorizing the government to ratify the alliance with the western powers. The chamber of deputies approved ratification last week.

The final senate decision on the pact was foreshadowed in a show of hands vote in which a communist motion opposing the treaty was defeated.

Six of the seven founder-nations of the treaty already have completed legislative approval of the pact. It will go into effect when it is ratified by the seventh nation, Holland, whose senate will debate the issue next week. The U. S., Britain, France, Canada, Belgium and Luxembourg have ratified. Associated nations which signed the pact along with Italy are: Norway, Portugal, Denmark and Iceland.

FDR, Jr. Engaged To Wed New York Girl; No Date Set

New York, July 29.—(AP)—Mrs. Lee James Perrin of New York today announced the engagement of her daughter, Suzanne, to Rep. Franklin D. Roosevelt, Jr. (R-N.Y.).

Miss Perrin's father, the late Lee J. Perrin, was a senior partner in the law firm of Appleton, Rice and Perrin. He also served as chairman of the board of directors of CIBA Pharmaceutical Products, of Summit, N. J.

Lake Success, July 29.—(AP)—The United Nations Atomic Energy commission gave up today a three-year struggle to agree on international atomic control. It put the deadlock squarely up to the big five powers and Canada, who are beginning top secret talks Aug. 9.

The commission voted 9 to 2 to stop work until the six countries can find some basis for agreement. But the delegates themselves say there is at present no sign of a break in the East-West impasse.

The Soviet Union and the Soviet Ukraine voted against the majority. Their delegates demanded to know why the majority wanted to "kill" the commission, stop its work, "lock the door and throw away the key."

Dr. H. R. Wei, Chinese scientist and commission chairman for July, responded:

"This is running out. The atomic armaments race is on. It is the duty of this commission to tell the world that the world cannot be done now."

He then informed the commission that his government had started the wheels rolling for the six-country consultations.

"I hope the permanent members of the commission (the six countries) will involve in the consultations, the United States, France, Britain, China, Russia and Canada will give away their pride and prejudice and work for agreement," he said.

REPORT FARM PRICES DROPPED LAST MONTH

Washington, July 29.—(AP)—The agriculture department reported today that farm prices eased off slightly between mid-June and mid-July.

The general level of prices received in mid-July was 249 per cent of the 1909-14 average compared with 252 per cent in mid-June. The base was 307 per cent of the 1909-14 base, set in January 1914.

Weather Deaths Rise To 40 In Record Heat

By The Associated Press

The eastern seaboard stewed in record heat and humidity Friday and current heat prostration deaths rose to 40. At Big Piney, Wyo., a child tonight died of heat stroke.

The weather bureau offered glimmers of hope that a cooler breeze from the midwest would bring relief to New England by Saturday and to the southern coast area by Sunday.

But meanwhile New York City, where four have died in the past two days, took a collective gasping look at the 97.8 mercury level and shut up thousands of offices early.

The temperature topped all earlier marks for this summer and set a new record for July 29 of any year.

In Washington, it was 96 Friday afternoon. There President Truman joined the government workers who left their offices to seek a breeze, or at least, the opportunity to shed some of the clothing required on the job. The president and his staff drove to Shagbush, a mountain-top hideaway on a Maryland mountain top.

Crowds have been sleeping in the capital's parks during the 13-day heat spell which cost Washington 11 lives.

In Atlanta, the heat made a 21-year-old woman dizzy enough to turn in a false fire alarm and then jump into an ice wagon—wearing not a stitch above her slacks. Perspiring policemen insisted that she don a towel.

A water main which broke in Boston during the 99-degree scorching Thursday, left 24 communities to face 95 degrees of heat Friday with restrictions on their water supply.

Other heat deaths included Maryland, 4; Iowa, 2; Rhode Island, 1; Maine, 3; Massachusetts, 8; Pennsylvania, 5; Virginia, 2; Illinois, 3; and New York state, 2 in addition to the 4 in the metropolitan area.

Polio Cases Claim 22 Illinois Lives In Month Of July

Springfield, Ill., July 29.—(AP)—Polio has claimed 22 lives in this state this year in Illinois, the state health department said today.

All deaths occurred this month. Four deaths were attributed to infantile paralysis in July, 1948.

The latest death reported was Calvin Duncan, 25, of Galesburg, who died today in St. Francis hospital in Peoria.

The department recorded 36 new cases today, bringing the total for the year to 327. This compares with 93 cases in the same period last year.

Meantime, several communities stepped up precautionary measures in an effort to check spread of the disease.

In Springfield where children up to 16 years of age have been quarantined, volunteers responded to a call by city officials for an anti-polio cleanup tomorrow.

State fair and agricultural officials issued a statement from Champaign in connection with the Springfield polio quarantine.

Henry J. White, fair manager, and Roy E. Young, agriculture director, said they are going ahead with plans for the fair Aug. 12-21. But that they will "cooperate to the fullest with state and local health authorities."

The senate appropriations committee, working over the bill today, cut these required purchases by 10 per cent to \$1,800,000,000.

The committee stuck by another controversial amendment, earmarking \$50,000,000 of economic cooperation funds for Spain.

In its new version the bills totals \$5,647,724,000, which includes money to carry on the Marshall plan of European recovery, and aid to occupied countries, originally the bill carried \$5,723,724,000.

Chicago Chislers' Club Sues U.S. For Taxes On Dues

Chicago, July 29.—(AP)—The Chicago Club of Chislers, a group of doctors, dentists and medical supplies dealers, sued the government today for a refund of \$1,900 paid as membership taxes.

The club, which has quarters at 35 East Washington street, said in a Federal Court suit that it was organized "not for profit, for the advancement of medical and dental arts." The taxes were paid under protest Jan. 19.

The Bureau of Internal Revenue ruled on Aug. 30, 1948, that the club was a "social club" and as such must pay a 10 per cent tax on membership fees collected. The club denies it is a "social club."

The bureau based its ruling on the fact that the club operates a dining room and other facilities not open to the general public. The club's attorneys, however, says the dining room was not a dining room but just a room into which food sometimes was brought from an adjoining restaurant.

UN Commission Admits Deadlock On Control Task

Lake Success, July 29.—(AP)—The United Nations Atomic Energy commission gave up today a three-year struggle to agree on international atomic control. It put the deadlock squarely up to the big five powers and Canada, who are beginning top secret talks Aug. 9.

The commission voted 9 to 2 to stop work until the six countries can find some basis for agreement. But the delegates themselves say there is at present no sign of a break in the East-West impasse.

The Soviet Union and the Soviet Ukraine voted against the majority. Their delegates demanded to know why the majority wanted to "kill" the commission, stop its work, "lock the door and throw away the key."

Dr. H. R. Wei, Chinese scientist and commission chairman for July, responded:

U.S. Consulate Office In Shanghai Invaded

Nathan Claims Steel Can Afford Pay Hikes

New York, July 29.—(AP)—A CIO steelworkers' spokesman charged today that the steel industry is rolling up "phenomenal" profits at the expense of employees and consumers.

Robert F. Nathan, former new deal economist, told President Truman's fact-finding board that the industry's policies are hurting the national economy.

Nathan said steel profits are the highest in history and that the industry can well afford to grant the 30 cents an hour increase the union is asking in a wage-pension-social insurance "package."

This demand includes a fourth round wage increase of 121 cents an hour.

The three-member board is hearing evidence in a dispute that led to a strike threat by the 900,000 union members earlier this month.

It will make recommendations to the President after hearing from both sides.

Chairman Carroll R. Daugherty announced that the hearing will recess for a week after the union completes its case, probably in the middle of next week.

Each side has eight days in which to present its case but the union has decided to save part of its time for rebuttal.

Polio Hits 42 In New York City; 'Will Get Worse'

New York, July 29.—(AP)—Forty-two new cases of infantile paralysis were reported in New York City today. Dr. Harry S. Mustard, health commissioner, said the "mild epidemic" probably will grow worse.

The department of hospitals said 152 persons now are hospitalized with the disease, the largest number since 1944. Of 306 cases reported this year, 150 have occurred this week.

Two additional deaths were reported, bringing the total number of fatalities to 19.

"The steady increase in the number of cases in the later weeks of July was not unexpected," Dr. Mustard said, adding:

"On the basis of New York city experience with polio in other epidemic years, we can expect the increase to continue into and through August and be high in September."

Sun Smiles While Waynesburg Waits For 'Rain Day'

Waynesburg, Pa., July 29.—(AP)—Waynesburg's claim to fame is that it almost always rains on July 29. Happy in that belief, loyal citizens sweated all day in raincoats, umbrellas, and some even in hip boots.

But the sun just smiled, and smiled, and smiled.

Waynesburg's rain day has become a tradition. It's rained every July 29 for the past 72 years with only five exceptions: 1880, 1930, 1937, 1946, and 1948.

As this rainless day dragged on, Borough council called a special session. The councilmen ordered daylight saving time suspended for an hour at midnight in event of no rain by then.

The town pulled the same stunt last year but to no avail. Enthusiastic townsfolk also hunted reports of rain that might have blessed some nearby community or county, ready to claim it as part of "greater Waynesburg."

That failed, too. Long into tonight, though, Attorney John Daily kept his vigil by the courthouse bell. As Waynesburg's official "rainmaker," he stood ready to order the joyous news rung if the rain came.

Each year Daily wagers his hat on the rain. In former years, such notables as Bing Crosby and Jack Dempsey have taken the dry side of Daily's bet. This year his wager is with Vince Johnson, a Pittsburgh (Post-Gazette) newspaper columnist.

With a fine score for tradition, Johnson stood on Main street and pitched several forlorn looks of hay. As any farmers knows, pitching hay is a sure way to invite rain.

Army 'Big Three' To Plan Military Staff Of New Pact

Washington, July 29.—(AP)—The United States high command left by plane at 4:48 p. m. EST today for Europe to talk about setting up an Atlantic pact military staff.

The three chiefs of staff, General Omar Bradley, Admiral Louis Denfield and Air general Hoyt Vandenberg, left at once after Bradley had outlined the "urgency" of the European arms aid program before the House Foreign Affairs committee.

While discussing a combined staff for the North Atlantic alliance, the chiefs also will inspect the United States forces in Europe and conditions there in general. They will go over the proposed military organization under the pact, which calls for a defense council, and a defense committee to plan against aggression.

Washington, July 29.—(AP)—Democratic leaders today faced the cheerless prospect of opening 1948 party wounds if a national committee meeting has to be called to choose a new chairman.

The present chairman, Senator McGrath of Rhode Island, has been offered the Attorney Generalship by President Truman. He has not yet accepted.

The question worrying party leaders is:

Should an official call be addressed to the still legal members of the committee who opposed Mr. Truman in Alabama, Louisiana, Mississippi and South Carolina last year, or to pro-Truman forces organized in those states since, but not yet officially ratified by the national group.

"It's a question, but we will meet it when it arises," said one official at party headquarters.

There is a possibility that both groups would be invited to force a showdown on whether to replace members who supported the States Rights presidential ticket.

KILLED BY TRAIN

Galesburg, Ill., July 29.—(AP)—Ossian Berquist, 51, of Galesburg, was killed today when a switch engine moved a freight car under him.

While Berquist was sleeping, a switch engine made his home here with Mr. and Mrs. George Duval. Mrs. Duval told police she believed Berquist had a wife in Rockford, Ill.

Mob Seeks Pay Claims From Navy

Washington, July 29.—(AP)—More than 100 Chinese seized control of the American Consulate General offices in Shanghai today to enforce back pay demands against the U. S. Navy, the State department reported.

An official dispatch to the department said that the Chinese invaded the offices at 7:20 a. m. (Shanghai time), locked the gates at 3:30 p. m. and prevented the Consulate staff from entering or leaving.

Police Refuse To Act

The department was advised that the police flatly refused to intervene and that the Communist military control commission's alien affairs bureau also failed to take action to restore order.

The report came from the Consul-General at Shanghai but officials said they did not know whether he was present personally. He has been trying to return to the United States by plane with ambassador J. Leighton Stuart.

Earlier in the week the State Department spoke of "difficulties" the Communists were putting in the way of Stuart's arrangements to leave.

Settlement Proposed

The besiegers were described as former Shanghai employees of the navy which pulled out of that port before the Communists occupied the city late in May. They are demanding pay for the period since their jobs ended, plus separation and other bonuses.

The State Department was advised that American officials, under authority from Washington, have proposed a settlement known to be acceptable to more than half the claimants, but has been requested by the Communist alien affairs bureau to defer the proposal.

"The Consulate General has refused to negotiate in any way while subjected to a duress of what appears to be developing as a pattern in Shanghai," a report said.

"This pattern in other cases has amounted to a 'lock-in' of foreign representatives by employees for purposes of extortion."

105 Republicans Meet-Say Party Needs New Life

Chicago, July 29.—(AP)—A group of 105 Republicans from 25 states, discontented with their party's policies, adopted a program today and laid the groundwork for a later "grass roots" convention.

Fred A. Virkus of Chicago called the conference, condemning the GOP needs revitalizing. Those attending all were either delegates or alternate delegates to the 1948 Republican national convention.

Virkus himself is president of Conference of American Small Businesses and a former Illinois legislator.

After two days of closed committee sessions, the dissident Republicans:

Recommended a labor policy based on the Taft-Hartley law.

Urged a farm policy based on government purchases in the open market.

Called for a Republican roundup, or grass-roots convention, before the next elections. Representatives of the 3,000-odd county GOP organizations would be invited.

Mrs. E. Wyatt Payne of Huntington, W. Va., urged the GOP to bar from consideration for the 1952 presidential nomination the governors of both New York and California.

She declared the next GOP standard-bearer should come from the midwest "where they have not been tainted by foreign ideologies."

Law Lets Cities Charge Factories Polluting Water

Springfield, Ill., July 29.—(AP)—Governor Stevenson today signed a bill authorizing cities to enter into contracts with industrial establishments for operation of sewerage facilities to abate water pollution.

The bill provides for the industrial establishment to pay the city for costs involved in reducing pollution caused by discharge of industrial wastes into the water.

Credit Buying Hits New High

Washington, July 29.—(AP)—The volume of installment plan credit rose above nine billion dollars in June for the first time in history.

The federal reserve board reported this today and also announced total consumer credit—which includes such things as charge accounts in addition to installment credit—went above sixteen billion dollars for the first time.

Installment credit, in the face of control restrictions, rose three per cent of \$243,000,000 in June to \$249,000,000, reflecting a gain of about one fifth in the last 12 months.

In the latter part of that period, however, the controls were eased considerably. The curbs went off entirely in July, just after the June record was set.

SENTENCED

New Orleans, July 29.—(AP)—Ex-Communist Robert Edgar Himelreich, the first federal employee indicted on charges of making false statements to a loyalty board, was sentenced to two years imprisonment today.

WEATHER

The Norbury Sahatormin, cooperative observer for the U. S. Weather Bureau, yesterday reported the temperatures for Friday as follows: High, 92; low, 74; and at 6 p. m., 83.

Forecast for Illinois—Fair and pleasant today, partly cloudy and a little cooler south portion Saturday.

THINGS DON'T LOOK BAD, AT ALL!
"As a nation we cannot afford to become economic hypo-
chondriacs because a country, like an individual, can worry
itself sick."

This and a lot more talk like it came recently from Char-
les Luckman, president of Lever Brothers Company, the big
soap and food products maker.

Always a dynamo, Luckman was whirling at his highest
pitch as he outlined for Americans the key reasons they should
stop quaking with fear over prospects of a depression.

He cited 59,000,000 workers on the job, \$200,000,000,
300 in liquid savings and an estimated \$215,000,000,000 total
personal income for 1949.

"It would seem preposterous that anyone could manipu-
late these figures and come up with an answer that equals
disaster," he said. "Yet that is precisely what many Ameri-
cans are doing."

It's true. And sad and a bit ironic, too. Not many months
ago the big cry was: "Let's halt this dangerous rise in prices."
Now we've done it and the resulting downturn has us scared
stiff.

For a long time we'd been breaking more business re-
ports than we had any right to expect we could. Now, just
because we've slackened off from that smashing pace, the atti-
tude of many is that we're heading for ruin. Businessmen,
politicians, commentators, citizens of every walk nervously
await each august announcement from high places on where
we stand.

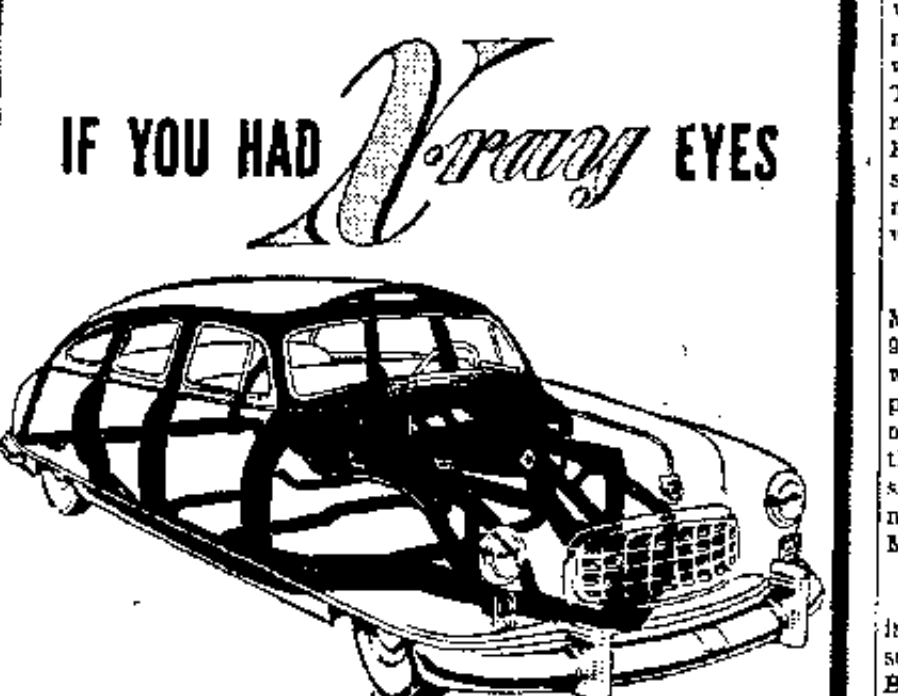

Luckman will have done us a service if his talk at Los
Angeles helps to shake us out of this silly frame of mind.

His advice, naturally, was directed most pointedly at
businessmen who had grown accustomed to a plush state of
affairs and were shocked when those conditions vanished.

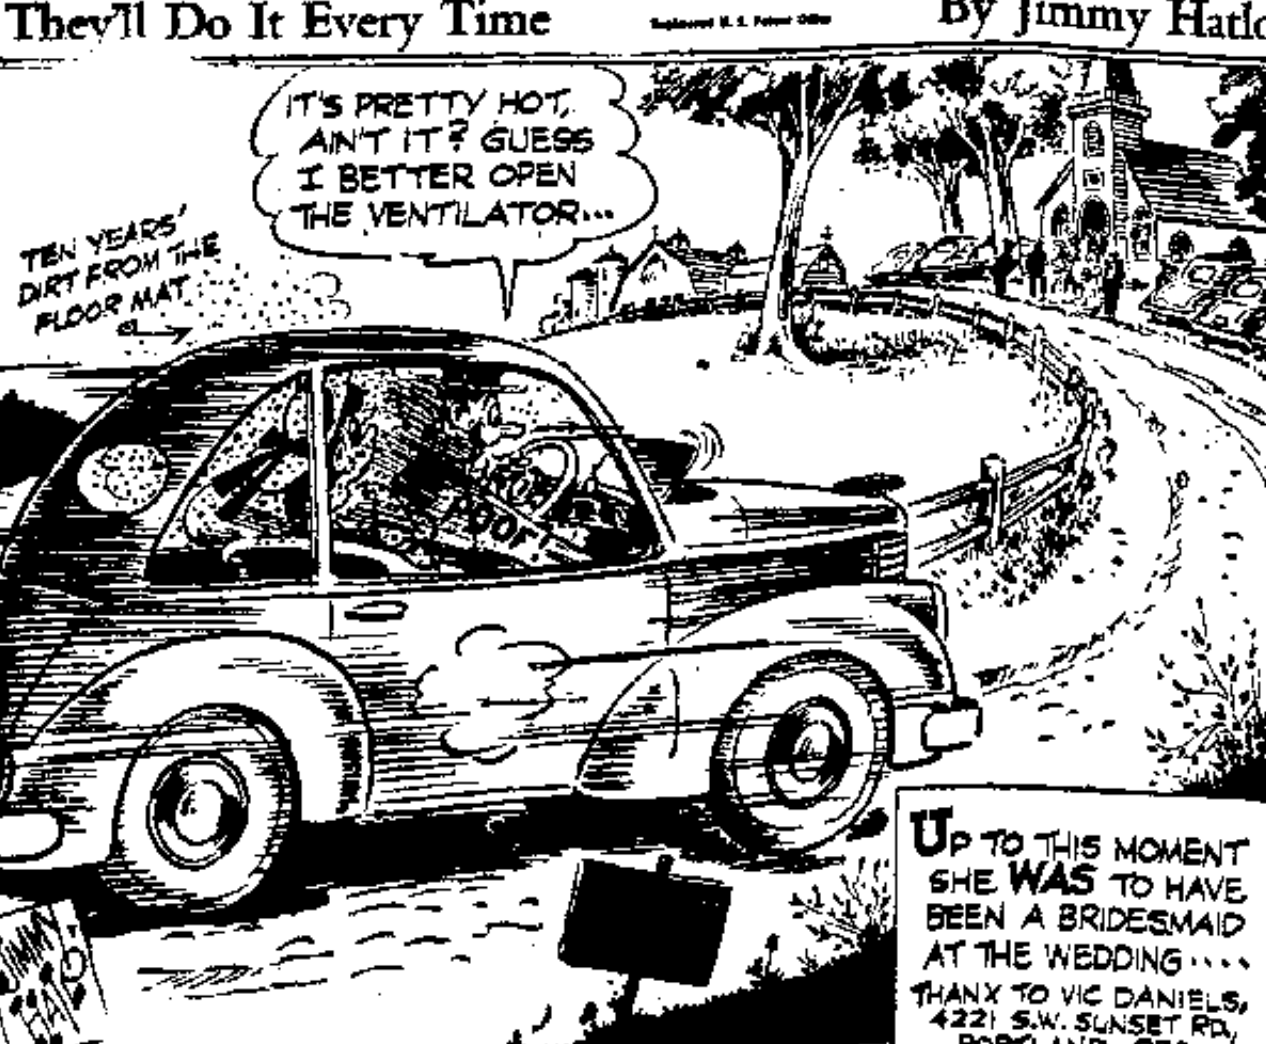

"Sales managers, vice presidents and presidents have
shiny pants from hatching profits on cushioned chairs," he
said. "Let's go out and sell goods."

Certainly it's foolish for us to sit around expecting the
private enterprise system to prove itself to us through thick
and thin. It can only work if we make it work. So if we can
just stop trembling long enough, maybe we can get the jobs
done that will keep the economy going smoothly.

by Rev. Marshall D. Ulm, pastor of
the church.

**Assistant Home
Adviser To Vacate
Position Saturday**
Miss Marjorie Stewart, who has
been assistant home adviser since
June 15, will vacate that position
Saturday. Miss Stewart was employ-
ed on a temporary basis to replace
Mrs. Elsie Tholen as assistant to
Mrs. Mildred Brennan, home adviser
for Morgan and Scott counties. Her
successor has not been announced.
On Aug. 12 Miss Stewart will leave
for Tampa, Fla., where she has been
engaged as second grade teacher in
Jackson Heights elementary school.
A graduate of Jacksonville High
school, Miss Stewart received her
bachelor's degree in home economics
from the University of Illinois in
June of this year. Her assignment in
Morgan county was her first in the
field of home economics. Most of her
work was with 4-H clubs.
She plans to attend the Railroad
Fair in Chicago next week with her
parents, Mr. and Mrs. Harold Steu-
art of Ashland.

of Jacksonville, will deliver the mes-
sage.
A program has been arranged for
the evening beginning at 7:30 o'clock.
Arthur Kuehnert of Pana will ad-
dress the audience at this time.
A light lunch will be provided for
the benefit of the visitors so that

**Brothers Accused
Of Holdup; Find
Taxi At Curran**
Two Virden brothers charged with
holding up a Springfield taxi-
driver and taking his cab are held
under heavy bond in the Sangamon
county jail, following their arrest
near the junction of U. S. 35 and
State Route 4, southwest of Spring-
field.
They are John White, 35, charged
with armed robbery and carrying a
concealed weapon, and Andrew
White, 35, charged with armed ro-
bbery.
Police and sheriff's officers
throughout Central Illinois were
alerted Wednesday night after Sang-
amon county authorities reported
that the driver of a Yellow Cab was
forced to turn over his billfold con-
taining \$12 to holdup men, and that
the bandits were in possession of
the cab.
Jacksonville police and Morgan
county police watched highways in
this area for several hours. The
abandoned taxicab was found
Thursday in a ditch near Curran.
The White brothers of Virden were
placed under arrest by Deputies
Robert Clawson and John Neufel of
Sangamon county. They said John
White had a 38 automatic pistol
hidden in his shirt.
Both defendants waived prelimi-
nary examination and were bound
over to the grand jury. John White's
bond was set at \$15,000; his brother's
at \$10,000.

**Girl Mortician
To Be Associated
With Danner's**
Glasgow—Miss Barbara Ellen Mc-
Evers, daughter of Mr. and Mrs. Roy
McEvers of Glasgow, who recently
graduated from a St. Louis school of
mortuary science and embalming, has
become affiliated with the Danner
Funeral Home in Winchester, where
she will serve her one-year appren-
ticeship.
The Glasgow Homemakers 4-H
club met with Miss Reba Rider. The
meeting was called to order by re-
peating the 4-H club pledge. Roll
call was answered by naming what
each member learned in 4-H work.
A talk was given by Miss Jean
Hutchings on "Guard Your Posture."
Exercises were enjoyed and games
were played. Refreshments were
served by the hostesses.
Harry McLaughlin of Decatur is
visiting here and in Winchester this
week.
Mrs. Byrl McGlasson of Eldred
visited here with her mother-in-law,
Mrs. Arty Howard.
Mrs. Charles Cowper and daugh-
ter, Mrs. Maria Dawdy and son of
Patterson were Wednesday after-
noon guests of Mr. and Mrs. Estelle
Cowper and daughter, Sandra.
Mrs. Ethel Priest and daughter,
Wilma, Mrs. Nell McGuire and Mr.
and Mrs. Joe Grey of Alsey were
guests of Mr. and Mrs. John A.
Wilson.

John E. Peters, Bank President, Says Farm Outlook Is Promising

While Illinois farmers have spent millions of dollars for improvements, soil conservation, and the purchase of new equipment since the war's end, farm debt has made no significant increase, and savings in cash, bank deposits, and United States Savings Bonds are at record levels, according to John E. Peters, president of the Farmers and Traders State Bank of Meredosia, who represents the Illinois Bankers Association as president of the Cass, Morgan and Scott Bankers Federation.

"Illinois farm families are going through the final months of adjustment from a war to a peacetime economy with very little disturbance," Mr. Peters said. "They are maintaining a sound financial position, and while they are using more credit for improvements and new equipment, their obligations are being paid off in relatively short time, and they are adding to their already substantial financial reserves."

Farm Debts Lower
Reporting on the results of the fifth national survey of bank lending made by the Agricultural Council of the American Bankers Association, Mr. Peters said that total farm debt held by the banks of the state at the beginning of this year amounted to only \$145,000,000, compared with \$123,000,000 on January 1, 1948. In addition to this amount, there are \$10,325,000 in Commodity Credit Corporation loans held by the banks cooperating with the government's farm price support program.

In 1948, the last full year of operation, the 790 Illinois banks serving agricultural communities loaned \$284,229,000 to 140,499 farmers. This represents a total of 68.8 per cent of the farmers in the state. Of the total amount, there were 135,920 farmers who borrowed from banks to finance production in an aggregate amount of \$268,105,000. Of these loans, only \$113,221,000 remained outstanding at the beginning of 1949. During the year, 4,578 farmers, representing only 2.2 per cent of those in the state, made farm real estate loans in an aggregate amount of \$16,224,000. The prosperity of the farmers is shown by the fact that of these long term debts, there were only \$31,968,000 outstanding at the beginning of this year. This is an increase of about two million dollars over the preceding year. The total of all bank-held farm debt on January 1, 1949, was \$145,189,000.

Mortgages Continue Down
"The farm mortgage debt in Illinois remains only about one-half

of what it was in a comparable period after World War I," Mr. Peters pointed out.

Mr. Peters stated that farm borrowings are usually a reliable indicator of the economic condition of agriculture and that one of the brightest aspects of the present situation is the fact that the average loan per borrower during 1948 for production purposes was only \$1,973, and the average loan made on farm real estate was only \$3,543.

"Cash reserves held by Illinois farmers, which are being consistently increased, are estimated to be sufficient to retire all farm debt," Mr. Peters said. "However, the farmers are wisely holding the reserves as a safeguard against emergencies and to enable them to buy new equipment and make farm improvements. The big demand for new equipment to replace that worn out during war years appears to have been satisfied. There is a statewide trend among farmers to improve livestock and crops and to practice modern conservation methods and land management. This trend insures a steady improvement in the condition of agriculture for many years in the future."

Keep Suntanned Legs Smooth

To keep legs free of stubble this girl is using a new water-soluble depilatory.

By ALICIA HART
NEA Staff Writer

Before you start drawing the sun's gold to your legs, rid their skin of superfluous hair.

No tan can be tawny enough to hide stubble that indicates a lack of fastidious grooming.

No matter what method you use for removing hair, use it often. Good grooming during a season when legs are out in the open calls for close scrutiny of skin surfaces every day, or two to see if recurrent growth needs cropping.

Added to this summer's large list of dependable hair removers, designed to simplify grooming, is an improved depilatory which promises a quick clean-up with a minimum

of fuss. What recommends this lotion is the ease with which it is applied— you simply pour enough into the palm of your hand to spread over the leg. When hair is dissolved by the quick-acting lotion, the plain water that's used to take it off also takes off the stubble.

LOCAL WOMAN ELECTED TO NATIONAL OFFICE

Cleveland, July 23 — (AP) — The Lutheran Women's Missionary league concluded its biennial convention today by re-electing its top officers, including Mrs. Earl Boucher, Jacksonville, Ill., financial secretary.

The ancients valued sugar as a medicine.

Roodhouse Couple Celebrate 50th Wedding Date

Roodhouse—The 50th anniversary of their marriage was observed Sunday by Mr. and Mrs. Dunningan. A family dinner was served, followed by open house during the afternoon.

The couple was married on Sunday, July 23, 1889, at the home of the bride's parents, Mr. and Mrs. W. H. Day, with Rev. Vaughn of Carlinville performing the ceremony.

Five children were born to this union, four of whom are still living. They are Ralph, Harry and Donald Dunningan and Mrs. Edith Welsh. A daughter, Dora, died in 1930. There are also 11 grandchildren and one great-grandson.

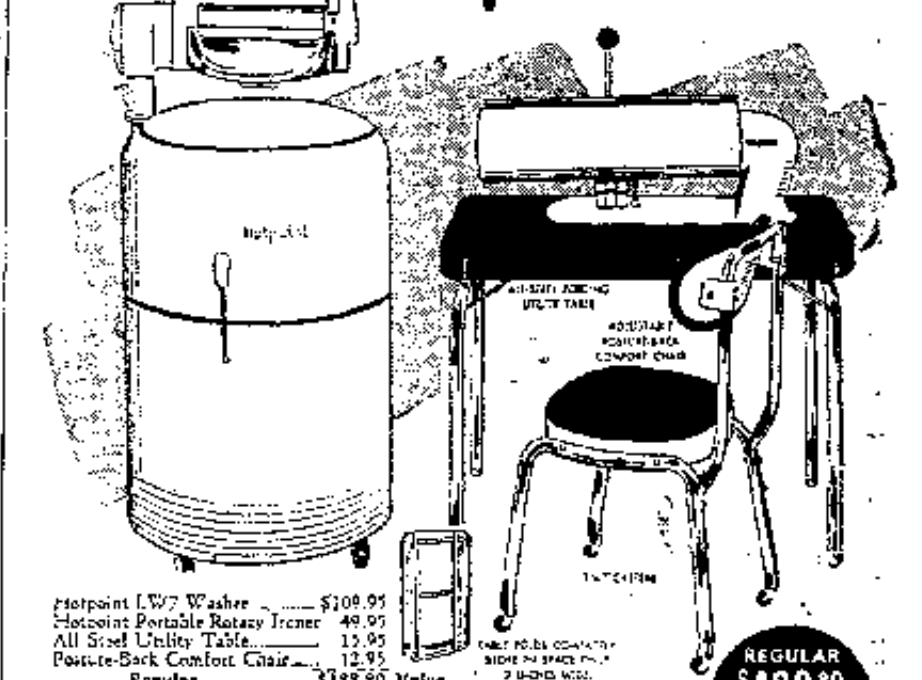

Mr. and Mrs. Dunningan have spent most of their married life in Scott and Greene counties. Because of Mr. Dunningan's ill health, they left their farm in 1931 and moved to Roodhouse.

Those present at the anniversary celebration were Mr. and Mrs. Thomas Quinn, Mrs. Pearl Waddell of Decatur; Mr. and Mrs. Charles Blackensetter, Mr. and Mrs. Robert Blackensetter and family, Mr. and Mrs. Wayne Blackensetter and family, Mr. and Mrs. Fritz Blackensetter and family, Mr. and Mrs. Wayne Peterson and family, Edwin Peterson, Mr. and Mrs. William Blackensetter, Cern Gordon; Mr. and Mrs. H. S. Williamson, Patterson; Mr. and Mrs. Weston Peere and son, Bill; Jacksonville; Mr. and Mrs. William Welsh and family, Alsey; Mr. and Mrs. Carroll Dunlap; Mr. and Mrs. George Nash; Mrs. Annie DeVore, White Hall; Mrs. Clyde McMahon and daughter, Barrow; Mrs. Louisa Jones, Winchester; Mr. and Mrs. Ed Mitchell, Mr. and Mrs. Steve Guinnane and son, Mr. and Mrs. Claude Chapman and son, Mr. and Mrs. Ralph Dunningan.

and daughter, Mr. and Mrs. Donald Dunningan and family, Mrs. David Enock, Mrs. Fred Clait, Mrs. W. A. Jolley, Mrs. Mabel Thompson, Mrs. Lola Parton, Mrs. David Harris, Mrs. Sallie Davis, Mrs. Floyd Davis, Mrs. W. C. Keller and Mrs. Edgar Ford, all of Roodhouse.

By 1902, Canadian production of nickel was more than 5,000 tons.

33rd Year—Jacksonville

Big Plant To Reopen On Slightly Reduced Basis; 300 To Work

The National Enameling & Stamping Company will reopen its Jacksonville plant on or about Sept. 1 after a summer shutdown of activities, it was announced Friday.

"The factory will reopen on a slightly reduced basis, but about 300 persons will be working again when we begin activities," E. C. Shultz, factory manager, stated.

The manager said some of the departments actually will open Aug. 22, while others will not get into production until around Sept. 1.

In confirming the reopening of the big plant, Mr. Shultz said a new backlog of orders has begun to accumulate, and that with favorable economic conditions the plant has work enough in sight to keep it busy until the first of next year, at least.

Nesco manufactures electric roasters and other enamel products with a national sales territory.

About 400 persons were employed at the plant the third week in June when announcement was made of a temporary shutdown. Nesco officials here believe that seventy-five percent of that number will be put to work when the plant begins operations late this summer.

Announcement of the scheduled reopening will be of interest to the entire Jacksonville area, as a number of employees reside in nearby communities.

"Y" Softball League Moves Into 2nd Round

The Y.M.C.A. Softball league began the second round in the series of 12 games to determine the championship team Friday afternoon.

The "Y" league comprises four teams, the Lucky Boys, the Jefferson Cardinals, the Washington Midgets and the Center Street Yankees. Each team is composed of fourth, fifth and sixth grade boys. The games, played afternoons on the Academy lot behind the Youth Center, got under way last Tuesday.

The standings, at the end of the first round, were: Lucky Boys, three wins, no losses; Cardinals, two wins, one loss; Midgets, one win, two losses; Yankees, no wins, three losses.

The second round will be played Friday, Monday and Tuesday. The schedule is as follows: Friday, Yankees vs. Midgets; Cardinals vs. Lucky Boys; Monday, Lucky Boys vs. Midgets; Cardinals vs. Yankees; Tuesday, Cardinals vs. Midgets; Lucky Boys vs. Yankees.

The team winning the most games will be declared the champion at the end of Tuesday's playing. In the event of a tie, a play-off will be held.

Births

Mr. and Mrs. Jack Weaver, 546 Hardin avenue, are parents of a daughter born Thursday at 9:47 a.m. at Our Saviour's hospital. The weight was seven pounds 45 ounces.

A son was born to Mr. and Mrs. George J. McKean, rural route five, Jacksonville, Friday at 3:52 a.m. at Passavant hospital.

OXYGEN TENT DONATED TO PASSAVANT

Mrs. Thelma Bethard, R.N., stands beside a young patient who has been placed in a new oxygen tent which was donated to Passavant Memorial hospital by the Good Neighbor Club of Radio Station WLS, Chicago. The valuable new device, Plymouth's Infant and children's oxygen tent, is manufactured by the medical division of the National Cylinder Gas Co. of Chicago. The new equipment was set up at the hospital by P. J. Schumacher of Peoria, a representative of the manufacturer.

Society Horse Show Held At Winchester; Announce Winners

Winchester—The second annual Winchester Society Horse Show Thursday night attracted a large crowd, both participants and spectators. The event was staged at Monument Park, under the sponsorship of the Winchester Chamber of Commerce.

Ben McCallister, well known horseman from Henry, Ill., acted as judge. The master of ceremonies was C. Warren Breeding of Winchester.

Illinois Quota In USO Campaign Is Set At \$756,490

Expansion of the new USO has progressed to the point where 170 clubs, lounges and other centers in the United States and overseas now serve a daily average of 72,610 members of the peace-time armed forces. USO headquarters announced on the first anniversary of its reactivation.

Recalled to duty last July 28, USO during the year rendered a total of 24,785,000 services—a figure equivalent to 15 benefits for each of the 1,600,000 men and women now in Army, Navy or Air Force uniform.

Meanwhile, through USO funds, more than 100,000 servicemen in Army, Navy, and veterans hospitals were regularly supplied with music and "live" entertainment by Veterans Hospital Show Camps, successor to USO Camp Shows.

Touring a 28,000 mile circuit through 42 states, VHOS companies entertained a cumulative audience of 926,969 patients at 7,106 performances. In addition, VHOS sent 47 film and radio personalities on tours which included 173 play-dates in 107 hospitals from Maine to California.

As programs of the reactivated USO expand, headquarters declared, citizen volunteers responded in increasing numbers throughout the nation. Currently, a total of almost 25,000 volunteers are giving 180,000 hours a month to USO in or near their communities.

National agencies directing or participating in the operation of USO centers include the YMCA, YWCA, National Catholic Community Service, National Jewish Welfare Board, Salvation Army and Travelers Aid.

State organizations to conduct USO campaigns this year for the 1950 funds are already being formed in 21 states, headquarters announced. State committees are accepting responsibility for seeing that USO funds are raised in every county and town, either through community chests or independent campaigns.

Illinois' share of the \$10,100,000 national goal for the support of USO services is \$756,490.

Camp Dedication Delayed Because Of Polio Threat

The dedication of the new Lutheran camp site 12 miles northwest of Springfield, scheduled for Sunday, July 31, at 4 p.m., will be indefinitely postponed because of the polio epidemic emergency which has arisen in Springfield.

Though the camp is some distance from the city, the camp association officers deem it wise to cooperate with the Springfield health authorities' quarantine of all young people under 16 and postpone this event, as well as cancel the week of camp, scheduled for July 31 to Aug. 7. The new date will be announced as soon as possible.

Hail insurance available now on growing crops.

New Methodist Supt. To Speak At Carrollton

Carrollton—Rev. Victor Roberts, the new district superintendent for Methodist churches in this area, will be the speaker at the Sunday morning worship service in the local Methodist church.

"The Way of Life" is the sermon theme of Dr. C. C. Benedict for the morning service in the Presbyterian church. This will be the last preaching service in the church until the first Sunday in September as the pastor will be on vacation during the month of August. Sunday school will be held as usual.

Rev. Laurel J. Crigg, pastor of the Baptist church, will speak on "Soul Erosion" at the morning worship service in the Baptist church.

"Consecration to Christ" is the theme of the sermon to be given Sunday morning in the Christian church by the pastor, Rev. Elmer C. Johnston. A communion service will follow the worship service.

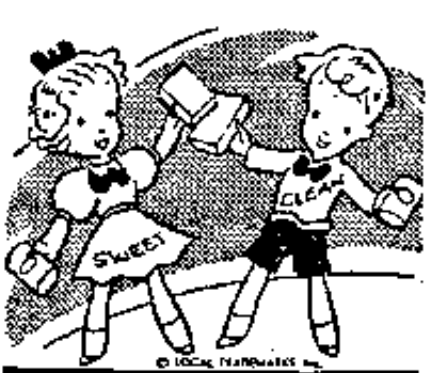

Rev. A. O. Kaul will be the speaker at the morning worship service in the Lutheran church.

TO HOLD THREE-DAY BIBLE FELLOWSHIP

The Missionary Bible class will hold a three-day session at the home of Fred C. Brainer, 285 Edgell road. This Bible fellowship, to be held Aug. 1-3, is open to the public. T. M. Wright of Muskegon, Mich., will be the teacher.

Economy is Also a Cadillac Word!

OVER THE YEARS, there has come into being what amounts virtually to a Cadillac vocabulary.

There are literally scores of words which, applied to automobiles, call Cadillac almost instantly to mind.

Few can hear such words as "Character," "Precision," "Quality," "Craftsmanship," "Precision," "Distinction"—and a host of others—without associating them with Cadillac.

But there is one potent word which applies with equal emphasis to Cadillac—but which motorists, in the past, have not so readily associated with the car. That word is *Economy*.

With its marvelously efficient new high-compression engine, the 1949 Cadillac delivers gasoline mileage which actually approaches that of the popular low-priced cars. It is almost unbelievable for a car so large and luxurious.

And, of course, Cadillac dependability and long life have become traditional. In fact, the full life-span of a Cadillac has never been accurately measured.

Yes, "Economy" is also a Cadillac word and belongs in the Cadillac vocabulary.

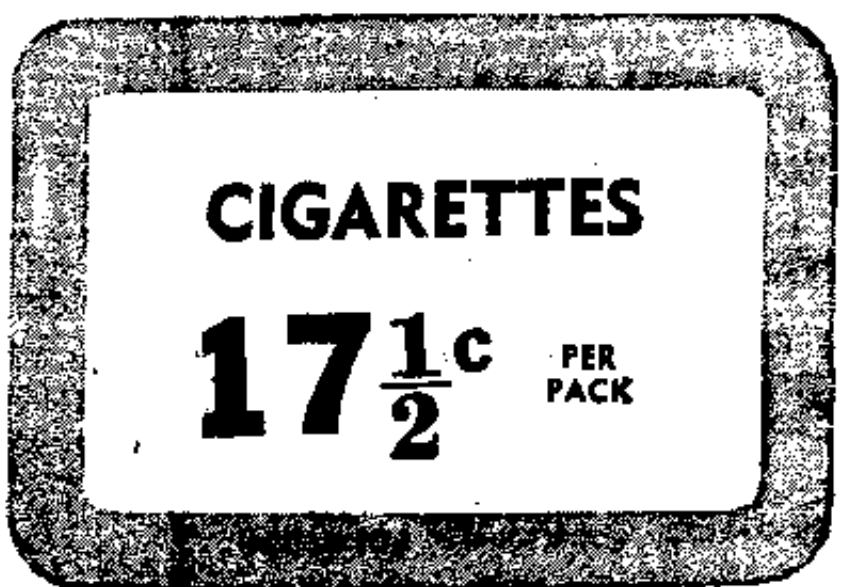

Have you inspected and driven a 1949 Cadillac? If not, you owe it to yourself to do so—for it is truly a revelation in what a motor car can be and do.

You are most welcome to visit our showrooms.

More than 33 million short tons of cane and beet sugar were produced by the world in 1947.

The United States produced more than 19 million tons of paper and paperboard in 1946.

Winchester V.F.W., Jacksonville K. of C. Win District Debuts

Bulletin

The league-leading St. Louis Cardinals and Brooklyn Dodgers wound up the first of their three-game series at Sportsman's park deadlocked in a 3-3 tie.

The game—which had been delayed for one hour and 25 minutes by rain—was called at the end of the ninth inning because of the St. Louis 1 o'clock rule which decrees that no inning shall start after 1 a. m.

The tie game was the second of its kind between the Cardinals and Dodgers in a week.

Wehmeier Blanks Giants With Four Hits; Reds Win 3-0

Cincinnati, July 29.—(AP)—Herman Wehmeier pitched his best game of the season tonight as he blanked the New York Giants with four hits to give the Cincinnati Reds a 3-0 victory. Wehmeier was in trouble only in the second and seventh innings. He walked three men in the seventh.

NOTICE OF MASTER IN CHANCERY SALE

STATE OF ILLINOIS
IN THE CIRCUIT COURT THEREOF
IN CHANCERY NO. 18796
CHARLES M. BAILEY, et al.,
Plaintiffs,
vs.
MOLLIE G. BRADY, et al.,
Defendants.

COMPLAINT FOR PARTITION
Pursuant to decree in the above entitled cause, the undersigned Master in Chancery of said County, will on Saturday, August 6, 1949, at the hour of ten o'clock A.M. (C.S.T.) at the South front door of the Court House in Jacksonville, Morgan County, Illinois, sell at public auction to the highest and best bidder or bidders the following described real estate:

TRACT A. Thirty (30) acres off of the South end of the East Half (E½) of the East Half (E½) of the South West Quarter (SW¼) of Section Fourteen (14), said thirty (30) acres being exclusive of some two (2) acres of land occupied by Chicago and Alton Railroad on part of the following described real estate:

Improvements consisting of small frame house and outbuildings. TRACT B. All that part of Sixty (60) acres off of the East end of the North Half (N½) of the North West Quarter (NW¼) of Section Twenty-three (23), that lies South and East of the right-of-way of the Chicago and Alton Railroad Company, as now located on said real estate, containing Forty and Nine-tenths (49 9/10) Acres, more or less.

TRACT C. All that part of the South Half (S½) of the North West Quarter (NW¼) of Section Twenty-three (23), lying South and East of the Chicago and Alton Railroad, containing Seventy-seven (77) acres, more or less.

Terms of sale: 25% down, balance on approval of sale and delivery of deed. Subject to tenancy expiring March 1, 1950. Subject to the taxes for the year 1949, payable in 1950. Abstract of title furnished.

JOHN B. WRIGHT,
Master in Chancery.
Epler & Mills, Virginia, Illinois,
Attorney for Plaintiffs.

New York Stock Market

New York, July 29.—(AP)—Faint signs of a comeback developed in the stock market today after a slow early decline.

Gains were either trimmed or eliminated for many leading shares. A majority, though, remained lower by fractions to around a point.

Another day of intense heat drove many traders out of the financial district and those who were left were none too positive about prices.

Business was slower than any other day this month, with turnover at the rate of only 600,000 shares or so. Corporate bonds moved narrowly.

Lost and Found

LOST—Newly repaired lady's black shoes. Reward when returned to Bob's Shoe Shop, 110 N. West. 7-29-11-Pm.

State Competitors

The Jacksonville Moose Junior League team enjoyed medium success at the state 'kid' tournament which is currently underway at Decatur. The local youngsters won their first game easily, but followed up the next night by going hitless against the host team and losing 3-0.

Ample proof that the Moose juniors are the best of their kind in Jacksonville is found in the American League records at the Northside diamond, where the kids battle for league honors nightly. The Moose nine is riding herd on the other 5 teams in the league with an 8-0 season's record. Their win streak including outside competition stretches to 13 and they have suffered 3 setbacks.

Identification on the above team.

Athletics Extend Winning Streak By Beating Tigers

Philadelphia, July 29.—(AP)—The Philadelphia Athletics extended their winning streak to six straight—its longest of the year—by defeating the Detroit Tigers, 5-3, tonight as shortstop Eddie Joost came through with a game saving catch with the bags loaded and two down in the ninth inning.

Boy Fatally Hurt In Crash Of Plane

Oblong, Ill., July 29.—(AP)—Nine-year-old Michael Taylor of Henderson, Tex., was fatally hurt when a plane in which he was riding crashed in the yard of his grandparents' home here.

His uncle, Kenneth Russell, pilot of the plane, is in a critical condition in a Robinson, Ill., hospital.

Crawford county authorities said Russell had rented the plane at nearby Palestine, Ill.

Michael is the son of Mr. and Mrs. Neal Taylor of Henderson. The Taylors were visiting the grandparents, Mr. and Mrs. W. E. Taylor.

Rain Halts Second Tilt At Northside; Lane Juniors Win

Rain halted play mid-way through the second junior league contest at the Northside diamond last night.

The rained-out tussle left the Flamingo Club holding a 12-5 edge over the Merchants in the fourth inning.

Since five-innings constitute a full game, the contest was cancelled.

In the National League preliminary, the Lane Book Store representatives eked out a 10-9 victory over the Exchange club kids in 7 innings.

Meggison pitched for the winners, and Reg Kemp twirled for the losers.

REFUGE

Copyright 1949, by NEA SERVICE, INC.

By Mildred Cram and Harwood White

THE STORY: A wealthy widow, Mrs. Evelyn, is living in two giant trailers from disaster. An atomic war, she believes, will end civilization. None of her party, consisting of her employees, know the destination, but her appeals to hurry heighten the fear that the catastrophe will happen soon. Mrs. Margaret Malone, the cook, who joined the expedition later, has been tempted to run off because she does not like the script. But she has been persuaded to stay. Now, it is late at night and Mrs. Malone decides once more to leave while the others sleep. She includes the chauffeur, Victor, the houseboy, and the Marchesa Delicieux, Mrs. Evelyn's companion. But Mrs. Evelyn sees Mrs. Malone leaving. "Are you afraid?" Mrs. Evelyn asks, and when Mrs. Malone says she is not, Mrs. Evelyn says: "You hate me."

XVII

AFTER a moment Mrs. Malone replied to Mrs. Evelyn: "No, I don't exactly hate you, either. I just can't understand you. We're all in this together, but you treat the rest of us like dirt. You're no different."

"But I am," Mrs. Evelyn interrupted. She turned her blue eyes briefly on Mrs. Malone's troubled face. "Listen, you silly creature. Try to think in my terms for a minute. Try to see a little way into the future. If the United States is victorious, consider the opportunities for those who manage to survive, and are prepared. Well, I have considered the opportunities. And I am prepared."

She broke off, turned abruptly away, stalked across to the steps and disappeared into the trailer. "So that's it," Mrs. Malone thought. A cold certainty ran along her nerves. "She's like the dictators. She sees her chance. After the explosion, men will be weak. She'll walk over them to power. Then, sharp and terrifying as

the slice of a steel blade, the words: "If America is victorious." Then it was war. The scientists and the government knew. A sudden wave of horror swept over her. "Oh, God..." she prayed. But her thoughts were in chaos. She could not formulate her plan. Instead, with a helpless and imploring gesture, she looked up at the sky, as if she might signal the Omnipotent. The great arch of dawn-emptiness gave back no sign.

ON the far rim of the earth, a sliver of sun appeared, imperceptibly lifted. Birds began to twitter. A small animal scurried through the brush. And far down the mountain, on the farthestmost coil, a car appeared—a small, climbing speck that vanished behind a buttress, emerged two coils above, disappeared and reappeared again.

Mrs. Malone watched and waited. Presently, she could hear the laboring engine and, occasionally, the squeak of the horn. Then, abruptly and noisily, the car topped the grade. The driver, confronted by the phenomenon of the gleaming caravan, put on the brakes and stalled.

In the old car Mrs. Malone saw an opportunity to escape. The driver would give her a lift somewhere, anywhere.

As Mrs. Malone approached the astonished man, she saw that he was a forest ranger.

"What in thunder's this?" he demanded. "Looks like the Super Chief. How in thunder did it ever get here?"

It was Mrs. Malone's intention to say: "Never mind now. I'll explain later. Take me with you." But in that instant Rudy's words came to her: "I'm not sure. I wish I were."

Instead, she smiled at the ranger and said: "We're just tourists. I guess we took the wrong road in the dark last night. How's the grade on this side?"

"Okay," he said cheerfully. He fought with the starter and the little car shivered in response. "Take it easy," he shouted. "Turn left at the foot of the pass. From there on you'll be on a paved road to the main highway. Thanks," Mrs. Malone said. She winked him dip over the crest and disappear. Then she went into the trailer and put the coffee on to boil.

It was too late to escape now. Just as Mrs. Malone had failed to get away from Mrs. Evelyn on previous occasions, she knew she had failed again. She would stay on now with the trailer caravan till the end.

ALL that morning Rudy and Victor slept, but at noon the trailers were under way again, cautiously descending. Most of the time Mrs. Malone's heart was in her mouth. But they made it, and for the balance of the day bored Northeastward through wild and empty country.

The next day, following a narrow, poorly paved road, they seemed to turn west again. At noon they stopped to rest and to eat, then pushed on.

They detoured and zigzagged an erratic course past giant stone monoliths, dipped into valleys, ran between cliffs that leaned forward and from whose remote ledges glacial water dripped. They skirted small lakes and crossed bridges that swayed dangerously beneath the great weight of the machines.

Mrs. Malone had ceased to question or protest or even to examine her doubts and surmises. She told herself wearily that it was too much for her. Let the thing work itself out.

Salem W. S. C. S. Conducts Memorial For Mrs. Sturgeon

Memorial services for Mrs. E. E. Sturgeon were conducted Friday afternoon by Mrs. Myrtle Matthews at the regular meeting of Salem Methodist W. S. C. S. in the church.

A moment of silence was observed by the group. Mrs. Robert Hopper led in repeating the Lord's Prayer. Mrs. Matthews introduced Mrs. W. C. Thompson, who sang "At the Meeting Place" and Lead Kindly Light. Mrs. H. V. Stubeck and Mrs. J. E. Rawlings sang "The Old Rugged Cross" and "No Night There" with Mrs. Rawlings at the piano.

Mrs. Ruel Parlier, president, presided at the business session. Mrs. Matthews led devotion. Hostesses were Mrs. Lora Brainer, chairman; Mrs. Bertha Davies, Mrs. Cressie Armstrong and Mrs. Alice Lawson.

Mrs. Robert Hopper and Mrs. William Davies presented the following program: piano solo, Norma Jeanne Standish; whistling selection, Mildred Mason; and reading, Mrs. Robert Hopper.

Contests were won by Miss Mary Margaret Wax and Mrs. Albert Standish.

Guests included Mrs. Clark Hills, Mildred Mason, Leta Rabel Graves, Leta Ann Hamilton, Alberta Crabtree, Norma Jean Standish, Patricia Frueshner, Billy Lee, Judy and Patsy Davies.

The next meeting will be Sept. 1 at the church, with Mrs. Cressie Armstrong as hostess.

State Federation To Sponsor Art Camp At Decatur

The 19th district Woman's Club and the Decatur Woman's Club will be hostesses at the open house of the Illinois Federation's Art Camp, held at Camp Kiwanis near Decatur, August 5 and August 12 from 1 p. m. to 4 p. m. CST. The 19th district art chairman, Mrs. Hugh Kinrade of Decatur, is the general chairman for these two days and has arranged to have hostesses, guides and serve punch each day. Club members and anyone interested in art is urged to visit either day.

This camp was organized last year by Mrs. James Reeder of Sullivan, Ill., who was then state art chairman, and who will be the Crafts chairman this year. Mrs. Nellie Deane, a Chicago artist, will be in charge of painting and drawings. The manager of the camp will be the state art chairman, Mrs. W. L. Raw, Chicago, who will attend the full two weeks. Since the camp was so successful last year, it has been adopted by the Illinois Federation and has been a new project of the art department.

The camp is for high school age girls who are sent as representatives of women's clubs from all parts of Illinois. Last year 70 girls were enrolled, but this year 120 girls have enrolled. The camp offers fine arts and crafts including drawing, composition, water color, ceramics, copper work, both etched and hammered, block painting, textile painting, Dresden craft and leather tooling and carving. There is also swimming and boating for the girls as the camp has its own private beach.

Several state officers are expected, including the state president, Mrs. A. R. Rohlfing, Farmington. Other hostesses will include Mrs. Clark Noecker, Hammond, Central; Reuben vice-president, Mrs. R. L. McDuff, finance chairman, auxiliary activities, and Carrie Smith, Nettelle Morris and Violet Grimes, the department convention held at Springfield. The fourth delegate, Marie Hart, was unable to attend.

Catherine Lovell was accepted as a new member. At the close of the meeting refreshments were served by Louise Myers and Sue Ryan.

Only one meeting, the first, will be held during August.

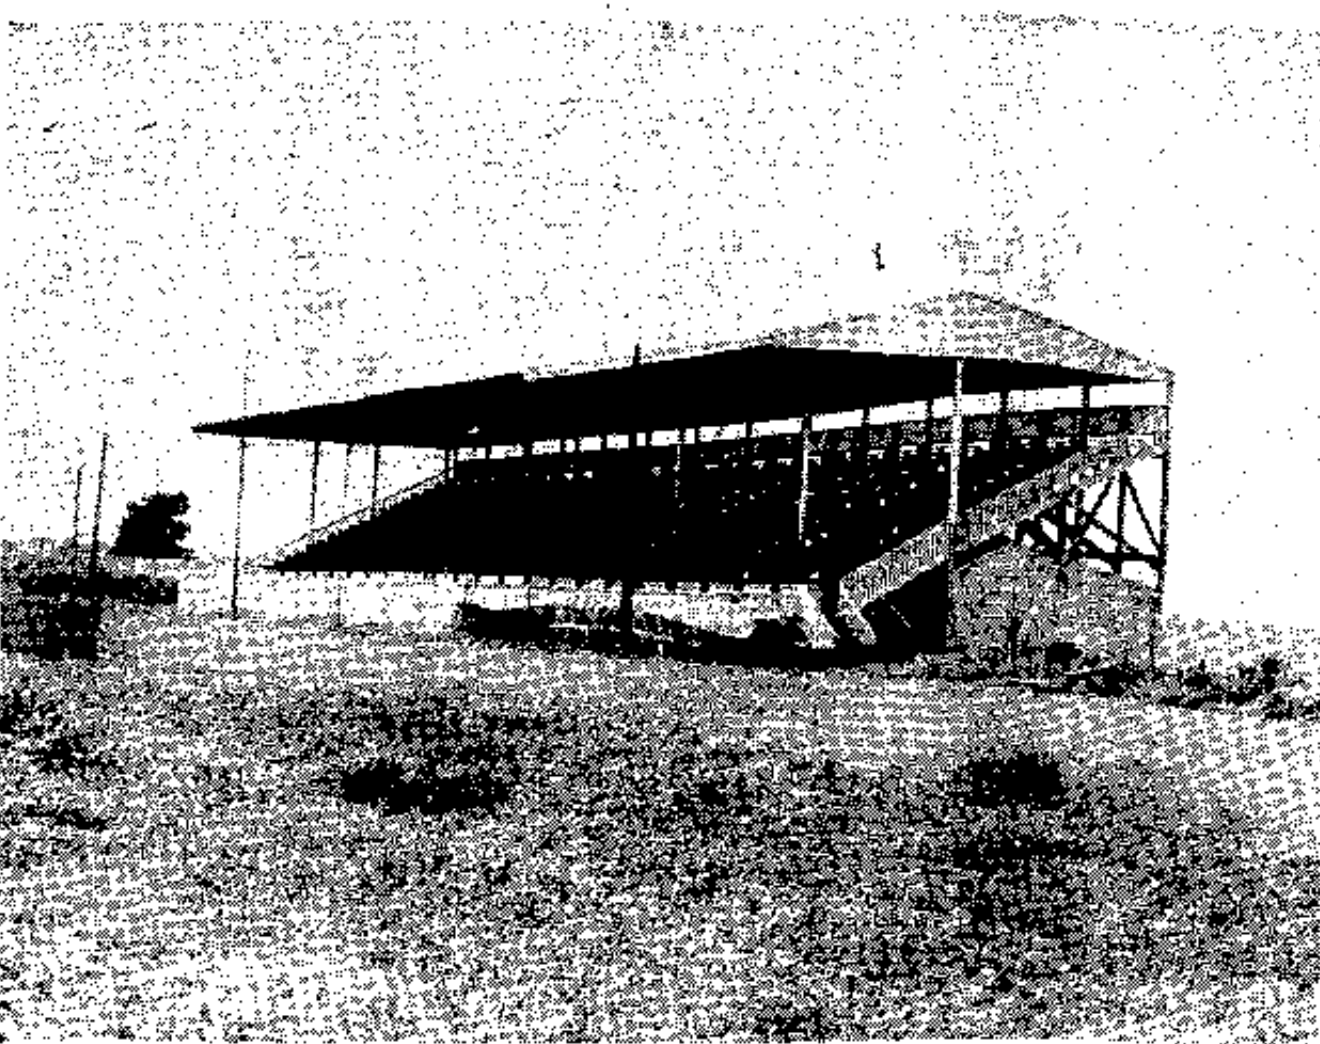

HUSBAND FILES SUIT

Lewis Fanning has filed suit against Lonia Fanning, to whom he was married April 17, 1949, seeking divorce on alleged statutory grounds. The couple separated June 1. The plaintiff is represented by Harry O. Story, attorney.

•NO ROCKIN' CHAIRS GOT HIM—Seventy-four-year-old William Holland arrives at Hoover Dam, near Las Vegas, Nev., after a 2800-mile trip on a bicycle from his home town of Owosso, Mich. "Can't stay long," he tells dam guide John Weston, right. "Got to get home by Oct. 1." During the past 60 years, Holland estimates, he has traveled some 100,775 miles by bike.

Repainting Grandstand

One of the changes taking place at the Morgan county fairgrounds is the renovation of the grandstands. Under the guidance of the Morgan County Fair association, the stand has been strengthened, re-roofed, painted, and given a general face lifting. The huge task facing the association is told in today's paper.

Fairgrounds Undergo Complete Renovation

By Robert E. Bradney

If an inquiring reporter were to ask, "Is it true that 12,000 trees were smashed down by a bulldozer this year almost within the city limits?", most people would probably answer, "No, that didn't happen anywhere near Jacksonville." But the truth of the matter is otherwise.

The scene of this large scale operation is the Morgan county fairgrounds, where a lot of other things have been happening as of late. The removal of a young forest was only one step in the long run rebuilding of the once beautiful grounds. Once one of the outstanding fairgrounds in the Midwest, the Morgan county show gradually fell by the wayside as did most other county fairs. Taken over by the state, the grounds grew up in weeds and timber. The grandstand, which holds 2,000, began to fall apart, and this was helped by vandals who delighted in stripping it of roofing, windows, wiring, and about anything else which could be moved.

This was the state of affairs when the Morgan County Fair association was organized several years ago. A non-profit corporation, the association has as its objective the eventual restoration of the grounds and perhaps of the fair.

Recently the scene of motorcycle and auto races, some controversy has developed as to the suitability of the half mile dirt track. Already, one man has lost his life and several others have been injured in these races.

Claude Gustine, president of the Association, explained that the unfortunate wrecks which have taken place have been caused by factors other than the track.

Track Must Be Approved "As a matter of fact," Mr. Gustine said, "the track must be approved by the racing association before the drivers can compete. We have been told by some older drivers that this is one of the best dirt tracks upon which they have raced."

Thus far, two associations have used the track. These are the Mutual Racing Association, and the Mississippi racing association. These associations bring along their own judges and referees.

Mr. Gustine said that the track has been widened four feet and that further work on it is planned. No "banking" of the curves is on the schedule, however, because dirt race tracks do not have banked curves.

Motorcycle and auto racing is only one aspect of the Morgan County Fair association's activities. The fair association will lease the grounds to any organization. If the grounds are used for profit, the association gets 25%. Otherwise there is no charge.

Eventually the association, which now has 225 members, expects to have 500. Residents of Morgan county can become members by paying a hundred dollar fee. This money, as is all money taken in on such activities as auto races, is plowed back into the restoration of the grounds.

"Right now," Mr. Gustine said, "Our objective is to make the grounds a center for educational and recreational activities. Boy scouts and girl scouts, 4-H clubs and various groups need a place in the county to hold their exhibits and carry out programs."

Perhaps at some future time the Morgan county fair will be back in all its glory. But as Mr. Gustine put it, that can only be when there is a desire throughout the county to have it. Much work remains to be done, but the association is approaching the task before it in a business like, steadily progressing manner.

NOTICE I will not be responsible for any debts except those contracted by myself.

Twins, 12 Other Babies Born At Boyd Hospital

Carrollton—For the second time in July twins have been born in Boyd Memorial hospital. The first pair of twins, a boy and a girl, were born July 9 to Mr. and Mrs. Theodore Ringhausen of Pileston. Twin boys were born July 26 to Mr. and Mrs. Harold Havlin of White Hall.

Other babies born during the week were a son to Mr. and Mrs. Orville Hardwick of Kane, a son to Mr. and Mrs. Eugene Buck of Medina, a son to Mr. and Mrs. Leo Droege of Golden Eagle, a son to Mr. and Mrs. Hayes Sinar of Pittsfield, and a son to Mr. and Mrs. Allen Jarrett of Godfrey.

Babies born during the week who with their mothers have been discharged from the hospital include a daughter to Mr. and Mrs. Raymond Thompson of Elmhurst, a son to Mr. and Mrs. Ward Eldred of White Hall, a son to Mr. and Mrs. Buel George of White Hall, a son to Mr. and Mrs. Gilbert Staats of White Hall, a daughter to Mr. and Mrs. Benjamin Goode of Greenfield, and a son to Mr. and Mrs. Roman Belermann of Jerseyville.

Youth Injured On Motor Scooter

Van Dean Sims of West Beecher, avenue narrowly escaped serious injury Friday noon when his motor scooter and a car collided on North Church street.

Sims was traveling south on Church street when his scooter figured in a collision with a car driven by Riley Locke of East Washington street.

The youth was taken to Passavant hospital where it was found that his injuries consisted of scratches and bruises. He was able to leave the hospital.

Two Local Girls Complete Camping

Hazelhurst, Wis.—Miss Sue Anne Hackett, daughter of the J. T. Hacketts, 17 Primer Place, and Miss Virginia Brown, daughter of the E. W. Browns, 1312 W. State street, completed their four-week camping period at the Joy Camps here on Thursday.

The girls left camp with Mr. and Mrs. Brown and Eddie, and will spend some time together at Waukegan before returning to Jacksonville.

STATE STREET CHURCH WILL CEASE SERVICES

Rev. Lewis N. Raymond, pastor of the State Street Presbyterian church will speak Sunday on the subject, "The Divine Comforter." This will be the last service of worship to be held until Labor day.

During the minister's vacation only the church school will be in session. A special meeting of the trustees will be held in the office of J. C. Colton on Monday at 4 p. m.

TO ENTERTAIN PERSONNEL OF THREE FARM GROUPS Carrollton—Mr. and Mrs. K. T. Smith of Greenfield will entertain the members of the Greene County Farm and Home Bureau, the Greene County Service Company, the office staff and other employees of the three organizations and their families at a picnic supper August 4 at the Woodbine Country club in Greenfield.

Young-Stewart Reunion

Sun. Aug. 7 Nichols Park.

CLOSED AUG. 1 TO 15TH Our store will be closed Aug. 1 to 15th for vacations.

BASSETT'S JEWELRY

Rotarians Hear Rev. Houston In Address Friday

Communities which one month rise to high ideals, and the next month sink in the depths of pessimism were likened to adolescent children by Rev. Leslie Houston, pastor of Central Christian church, in an address to the Rotary club Friday noon.

Rev. Houston's subject was "Have You Grown Up Yet?" He applied his theme to democratic community life, stating that too often people have a tendency to build up ideals, but lay them aside when they do not materialize on the spur of the moment.

The minister said it is a happy faculty to be able to laugh at one's self, and ward off pessimism by trying harder to reach goals in life. He stressed the value of serving others and the community.

Rev. Houston was introduced by E. H. Garlich, program chairman. President C. H. Banchline presided at the meeting.

Ray Alridge and Basil Sorrells were welcomed by H. L. Caldwell as new members of Rotary.

Local Couple Wed In Church Rites Here Thursday

Vows of marriage were exchanged by Mrs. Marian Vinson and Walter Lee, both of this city, in an afternoon ceremony which took place Thursday at four o'clock at Grace Methodist church.

Rev. Frank Marston received the vows in a double-ring service. The only attendant was Mrs. Maynard Pennell.

The bride was attired in a two-piece ensemble, with which she wore white accessories and a corsage of tallmaier roses.

Immediately following the ceremony Mr. and Mrs. Lee left on a short wedding trip. Upon returning, they will reside at No. 2 Hazelcrest Court.

Woodford County Rain Sets 3 New Illinois Records

Springfield, Ill., July 29—(AP)—A recent rainfall in Woodford county washed out three Illinois records, a state statistic said today.

In one hour and 20 minutes, rain, fall of 4.36 inches was registered by the state water survey in an area four miles west of Minook last month.

Dr. Arthur M. Bushnell, survey chief, said that 14 inch fell in a 10 minute period exceeding the former record of 12.3 inch. In half an hour 3.1 inches was reported breaking the previous high of 2.12 inches.

The former highest one and two hour rainfall was 2.81 inches and 2.57 inches in Chicago in 1943.

The heavy downpour near Minook was registered by rain gauges as part of the survey's study of rainfall patterns in central Illinois.

Announce Winners Of Scholarships

B. W. Smith, Cass County Superintendent of Schools received the names of the winners of the University of Illinois scholarships Thursday, July 28. The competitive examinations were held in the office of the Superintendent of Schools on Saturday, June 4.

The winners as submitted by D. A. Grossman, Examiner, Office of Admissions and Records, University of Illinois are as follows:

County scholarship Donald D. Wilson, Beardstown; home economics Marilyn Johnson, Beardstown; descendant of a veteran of World War I Paul M. Aney, Chandlerville.

Funeral Services

Henry Perbix Funeral services for Henry Perbix will be conducted Sunday at 2:30 p. m. at Gillham Funeral Home by Rev. Harry Timm, St. Paul's Lutheran church. Interment will be in Concord cemetery.

The family will meet friends at the funeral home Saturday from 3 to 5 p. m.

William Ruark Funeral services for William Ruark will be held Saturday at 3:30 o'clock at the Danner Funeral Home in Winchester, with Rev. F. V. Wright officiating. Interment will be made in Winchester cemetery.

Mr. Ruark was the brother of Mrs. Ida Benson, 123 East Morton avenue, Jacksonville.

Phillip Cleary Funeral rites for Phillip Cleary will be held Saturday at 10 a. m. at the Church of Our Saviour, with Rev. Father John Morris officiating. Burial will be in Diamond Grove cemetery.

NOTICE I will not be responsible for any debts except those contracted by myself.

Lewis C. Fanning

Man Remembers When Fare To Chicago \$2

Editors note—The following is a letter received from Frank Bourn, Jacksonville, Rural Route 3 which he wrote after reading the story on the Wabash railroad printed July 29. We thought it would be of sufficient interest to print in its entirety.

I read with interest your article of days gone by when many people went to the Wabash depot to meet passenger trains. I can remember most of the persons and incidents mentioned.

I recall there were three frequent excursions to Chicago, St. Louis, Kansas City, and occasionally to Niagara Falls. The rate to Chicago was usually \$2 round trip and to Niagara Falls, I believe, \$2.50 round trip.

In '93 all roads carried folks to Chicago for the World's Columbian Exposition. The Wabash Cannonball, C & A Hummer, and the C. F. Red Express were some of the trains.

W. J. Bryan Here In regard to big days and big visitors, I recall W. J. Bryan in 1896 and "Bryan Day" for free silver. Admiral George Dewey, hero of Manila Bay, in May, 1899 to speak at the national convention of the G. A. R., with 4,000 Civil War veterans present. John Cherry, Sr., saved his chin whiskers off and gave the back with Admiral Dewey in the parade.

In 1900, Teddy Roosevelt, as candidate for the vice-presidency, stopped in the city, rode in a parade and spoke at the Republican Wigwag on the lot in the rear of what is now the Elk's building. He grasped his Rough Rider hat in his hand and thumped on the table to emphasize his remarks, and the band played "There'll Be A Hot Time in the Old Town Tonight."

Sunday Hold Reveal In Sept., 1908, Billy Sunday held a six weeks revival meeting in a "Tabernacle" seating 5,000 people on the lot on East Court street where the Coca-Cola building now stands.

The Bill Woods ivory scale had burned a short time before. The automobile was still a novelty. Dr. W. Hargrove and Felix Farrell were among the first who owned cars. Mr. Walker was dealer for the Mitchell car about that time.

A little later, about 1910, I think, the Jacksonville Chautauque was organized and prospered for nearly 12 or 15 years, usually the last 10 days of August, at Nichols park.

The state highway to Springfield was completed in 1923, and the south and west highways were completed the following year. Highway signs warned that the speed limit was 25 miles per hour.

The Power and Light Company tried to give public exhibitions of radio at an auto show in 1922, but because of conditions beyond control, the exhibition was not a success.

Remember a way back when?

Cunningham Rites Held In Greenfield

Greenfield—Funeral services for Robert Dean Cunningham were conducted at Greenfield Methodist church Wednesday afternoon by Rev. Don P. Hawkins, assisted by Rev. George O. Mayo.

Mrs. Frank Oliver, Mrs. J. E. West, and Mrs. James W. Martin were in charge of the music.

Caring for the flowers were Janet Cunningham, Jacksonville; Janet Thaxton and Doris Reavis, Wrights; Mrs. Edith Hennrich, Rockbridge; Mrs. George Steckel and Mary Lou Ford, Greenfield.

Interment was in Hickory Grove cemetery under the auspices of the American Legion.

TO MEET TUESDAY

Merritt W. S. C. will meet Tuesday in the church dining room, with Mrs. Anna Hitt, Mrs. Mildred Hitt and Mrs. Helen Large as hostesses by 1948.

Gov. Alexander Spooswood was partially responsible for the construction of the first ironworks in Virginia in 1716.

Canadian production of nickel had risen to more than 130,000 tons and Mrs. Helen Large as hostesses by 1948.

On Wedding Trip

MR. AND MRS. PAUL RUST

Now on their wedding trip are Mr. and Mrs. Paul Rust, who were married Sunday afternoon at Central Christian church. Upon returning they will make their home in Franklin.

Mrs. Rust, the former Miss Lois Jane Smith, is the daughter of Mr. and Mrs. LeRoy T. Smith of Franklin. Mr. Rust's parents are Mr. and Mrs. Heike Rust, 1302 West State street.

The bridegroom will teach at the Franklin high school next fall and will also be assistant coach.

Vets Of Foreign Wars Receive 10 New Members

Ten new members were welcomed into Morgan County Post 1379, Veterans of Foreign Wars, at a meeting Thursday night with Commander H. J. Jordan presiding. They are Leo Crawford, Harold Dixon, Dale Dockert, Charles Christison, Raymond Dorris, McDonald Pitts, Thomas E. Croth and Marvin Weber.

Reinstatement included Joe Long, Kenneth Settles, Forest Mills and Robert Hunter.

Announcement was made by Edwin Cashin that plans are nearing completion for an additional driveway and expanded parking facilities at the VFW home.

Two Boy Scouts of this city were sponsored by the post at Camp Springfield last week.

The members voted to sponsor two bowling teams again this fall and winter, and all who are interested in playing on either the Junior or Senior teams were asked to contact Dale Rose.

The members were told that Capt. Bill Wallace will lead his VFW softball squad to East Peoria on Saturday, July 30, to compete in the state tournament. The winner will represent Illinois at the national VFW convention at Austin, Texas, in August.

Quartermaster H. Minor Prather gave a financial report for three months.

Commander Jordan urged the members to support the reactivation of the USO, whose services are well known to service men. The USO is being reorganized to serve the 1,600,000 men now serving in peace time armed forces. Funds must be voluntary and the local Mrs. Edith Hennrich, Rockbridge; Mrs. George Steckel and Mary Lou Ford, Greenfield.

Interment was in Hickory Grove cemetery under the auspices of the American Legion.

TO MEET TUESDAY Merritt W. S. C. will meet Tuesday in the church dining room, with Mrs. Anna Hitt, Mrs. Mildred Hitt and Mrs. Helen Large as hostesses by 1948.

Gov. Alexander Spooswood was partially responsible for the construction of the first ironworks in Virginia in 1716.

Canadian production of nickel had risen to more than 130,000 tons and Mrs. Helen Large as hostesses by 1948.

DRIVING HOME A POINT—For years teachers have been pounding facts into their students' heads, but here the process is reversed. Edna Ellyson, of Cowen, W. Va., a science fellow at Case Institute of Technology in Cleveland, O., pounds on the head of her physics professor, Dr. Richard Sutton. The wood block into which Edna drives the nail rests on a 50-pound chunk of iron atop the prof's head. The inertia of the iron serves as a cushion which protects Sutton from feeling the blows of the hammer.
